

HTML Christmas Digital Challenge

Why not show off your amazing iPad skills this Winter?

Challenge yourselves to have a go at some of our Christmas Challenges...or even think of some of your own!

Send a PicCollage Christmas Card!

Save some Christmas pictures from Google or have a go at designing your own with the pen tool in the Notes app to create your own Christmas card to send to friends and family.

Shake a Snow Globe!

Scan the QR Code and the tutorial for how to turn yourselves into a Augmented Reality snow globe!

MyOn Christmas!

Enjoy clocking up some reading minutes on MyOn by searching the library for Winter or Christmas related books!
Don't forget to Quiz on AR!

ChatterPix Karaoke!

Save a picture of Santa, Rudolf or a Snowman off Google and create your very own ChatterPix Christmas song

Christmas Rock!

Use your Garage Band skills or explore the APP to create your very own Christmas song!
Try using You Tube to search for some tutorials if you need some more support

Green Screen Christmas!

Use your Green Screen skills on iMovie or DoInk to create a digital Christmas Card or Movie!

Send a Merry Christmas

Scan the QR Code to follow the tutorial for how to use Scratch Jr to make an animated Christmas Card

Share your amazing Christmas Challenges to your class teachers by the end of your first week back at school in January
